CLIVLAND left last night for Washington. We may confidently look for more appointments during the balance of the month.

THE Phoenix Republican has a real live libel suit on its hook. The Mohave Miner suggests that it cannot land its game because it is fishing in the wrong lake.

F. B. LOGAN has been appointed postmaster at Yuma. Mr. Logan is a well known newspaper man, who traveled through this section for the Citizen a few months ago. He is a hard-working No. 1 fellow, and his fraternity will be pleased to hear of his fat take.

THE committee of five senators appointed to visit the territories has dwindled down to three. These are Hill of New York, Platt of Connecticut, and Fairbank of Minnesota. Senator Hill is exceedingly anxious to visit our territory and anticipates much pleasure in so doing.

THE San Francisco Chronicle voices our sentiments when it says editorially:

The Kid is more than an outlaw; he is a menace to a community that is otherwise not half so full of terrors as one might think, and his existence is a disgrace to those who are entrusted with the duty of enforcing the laws and protecting the people of the Territory.

THERE is universal regret expressed that the mandamus application was applied to the wrong spot yesterday to relieve our body politic from the pain it is enduring. There are several remedies mentioned in our advertising columns which should be tried before all hope is abandoned.

WHEN a man makes a good resolution and tries to keep it, it is not charitable to poke fun at him. This thought was imbibed while drinking the sunbeams that struggled through the crack in our office door this morning at 6:30. It will be real mean if anyone asks why the PROSPECTOR didn't close down yesterday. We resolved not to carry out a plan that had been settled upon, but to stay with the merry-go-round as long as there is a color left in the stocking, so don't ask any impertinent questions.

THE writing paper most in vogue is a large, square sheet of clear white, which folds once and fits into a large, square envelope. A cipher or small monogram in gold or silver is filled, though a number of people have the house address on the flap of the envelope, so that if the letter is misdirected it can be returned.

From Tuesday's Daily.

Rochester Ford has been chosen chancellor of the university.

Jo Taylor has accepted a position in Jo Pascholy's store at Nogales.

Chas. and Gus Noyes and C. Murray, Fairbank, are at the Cochise.

Miss Hill has a private school at the public school house, with thirty pupils in attendance.

Oscar Baer, New York, M. Ezekiel, San Francisco, and H. Goldsmith, Kentucky, are at the Palace.

The water was turned on at the cemetery yesterday and the trees will soon look prosperous under its influence.

Miss Bessie Edger of Detroit died in Tucson yesterday morning. Her remains are on the way east to her parents.

Henry Cook will leave tomorrow for the Burns' mines in the Chiricahua mountains. Mr. Cook has some valuable claims in that vicinity that will sooner or later place him on velvet.

Rev. C. E. Nugent will leave in a day or two for Washington to attend the meeting of the Synod. He will furnish the PROSPECTOR with notes on the way, which will be of interest to its readers.

George Metcalf will leave for the east on Thursday. He will accompany Mr. Packard with a train of cattle as far as Kansas City from whence he will go to Chicago.

Chas. Granville Johnston is fixing up his residence on Fremont street. It will be ready for occupancy as soon as the furniture arrives, which is on the road from Frisco.

The exodus for the World's Fair has commenced in earnest. People from all over Arizona are on the way and the "digging up" process is all the rage. Fully one-half of our population will visit the Fair between now and Nov. 1st.

The livery stables were taxed to their utmost this morning to accommodate the people who attended the picnic on the river. They had a joyous time. The weather was simply grand, and everyone appeared to be supremely happy.

The erection of additional quarters at Huachuca will begin in a very short time. Several new and commodious quarters will be erected. Among the improvements will be a mammoth blacksmith shop with all modern facilities for hauling horses in a humane manner.

Gen. Weaver, candidate for president on the People's Party ticket last campaign, with a party of capitalists, arrived from the east Sunday night. They will visit the Hartt ranch and vicinity with the view of investing in similar enterprises.—Star.

The average daily attendance at the public school for the past year in this district was 188. The percentage of attendance was 94. There were 134 boys and 118 girls, or a total enrollment of 252. Last year this figure was 298 and the average attendance was 210 for the same time. School was taught 157 days during the year.

The Soldier Holes Cattle Co. held their annual meeting yesterday and elected officers for the ensuing year. Messrs. Tasker, Pridham and Goss, the principal stockholders, came in from the range last night. The company starts off with a fine showing for the coming season. The loss during the past winter has been exceedingly small and their cattle are in excellent condition.

W. K. Meade, superintendent of the Yuma prison, spent Sunday in Tucson. He is very much pleased with the outlook for future prosperity at Yuma. Mrs. Meade has not yet joined him, being at her former home in Boston. As for the race for territorial marshalship, he says he is as much in it as ever, and will be until the finish.—Citizen.

Superintendent Netherton has received several answers to his circular letter sent to the teachers of the territory for an expression of opinion on the subject of a change of books. All favor a change and a meeting of the committee appointed by the last Territorial Institute will be held shortly in Phoenix to take the initiatory steps in the matter.—Moon Free Press.

The Boss Camp.

A well known Tombstone man now in Chicago writes to a friend here, in which he closes as follows: "I tell you, Jim, this is going to be the boss camp this summer. It beats Virginia City in her palmy days. Sell out everything and come at once and get in on the ground floor. The camp is rapidly filling up with tenderfeet, and everyone is making money."

AMERICAN WOMEN.

ANSONIA, Conn., has been given a drinking fountain by Miss Caroline Phelps Stokes, in memory of Ann Senell, of England, the author of "Black Beauty."

THERE were forty-eight men and one woman in the graduating class in the college of pharmacy, Northwestern university, and the woman, Viola Griswold, took the first prize.

Dr. MITTIE HALEY, of Virginia, one of the nine women recently graduated by the Pennsylvania college of dental surgery, has been appointed resident dentist at the Williamson school.

MISS MARY F. SEYMOUR, of New York, has built up the largest typewriting business in the country during the last eleven years. She constantly employs twenty typewriters on a yearly salary, and from twenty to thirty others on piece-work.

Dyspepsia

Makes many lives miserable, and often leads to self-destruction. Distress after eating, sick headache, heartburn, sour stomach, mental depression, etc., are caused by this very common and increasing disease. Hood's Sarsaparilla tones the stomach, creates an appetite, promotes digestion, relieves headache, clears the mind, and cures dyspepsia.

In a Terrible Condition.
"I owe my life to Hood's Sarsaparilla. For two years I was in a terrible condition with dyspepsia. I could eat nothing but soda crackers, and my weight fell from 170 to 135 pounds. Hood's Sarsaparilla helped me at once, and after using 12 bottles I was entirely cured. I have gained my usual weight, 170 pounds, and have had excellent health ever since." T. J. WILCOX, 23-25 1st South Street, Salt Lake City, Utah.

Headache—Hot Flashes.
"I had headache, hot flashes, nervousness and a swelling across my body, pain in my right side, with frequent vomiting. I used Hood's Sarsaparilla with the best results. I am in better health than for four years. Hood's Sarsaparilla is safe, reliable, and sure." J. C. WILLIAMS, Auburn, Cal.
